- This is a competitive grant. The Main Street Board will make the final decision. Our goal is to assist as many qualified projects as our funds allow. If the number of applicants exceeds the amount of grant money available, some projects may not be able to be funded or may only be partially funded.
- Projects selected will be forwarded to DHCD for review, to make sure they meet their guidelines. They may ask the Maryland Historic Trust (MHT) to review them as well.
- This approval process may take 8-12 weeks, following which applicants will be notified of approval or disapproval.
- Once approved, applicants will be asked to sign a contract committing to complete the project following the guidelines outlined.

Once the agreement has been signed, you may start to work

- The applicant is not to start work on the project before receiving final approval. *Work that is started before receiving final approval will not be reimbursed by this grant.*
- The applicant is responsible for obtaining all building and work permits and for conforming to applicable safety standards.
- Work should start within 3 months of being approved, and should be completed within 12 months of the approval date. An extension may be granted under extenuating circumstances.
- This is a reimbursement grant. Once the project has been completed, the applicant will present proof of expenses (cancelled checks, paid invoices, etc.) to the Main Street office for reimbursement up to the amount of the grant. To qualify for reimbursement, the work must conform to the description in the approved application, which can be confirmed by a review by a representative from Main Street.
